DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this

Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

2. Claim 24 is rejected under 35 U.S.C. 102(e) as being anticipated by Mayama et al.

Re claim 24, Mayama et al. discloses a method of controlling vibration of a variable-state structure, said method comprising the steps of obtaining first data representative of the vibration (via vibration sensor 26a) of the variable-state structure, said vibration being driven at a first coupling of the variable-state structure, obtaining secondary data representative of variable mechanical characteristics (via displacement sensor 25a) of the variable-state structure and selectively applying electromagnetic forces (via motors 31, 32) to the variable-state structure at a second coupling of the variable-state structure as a function of the first data and the second data.

Allowable Subject Matter

3. Claims 1-23, 25 and 26 are allowed.

Response to Arguments

4. Applicant's arguments with respect to claims 1-22 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
